

Visual AIDS was founded in 1988 to address the devastation of the AIDS crisis on the arts community while impacting change through art, creating such initiatives as Day With(out) Art and the Red Ribbon. Since the mid-90s, it's not only medical advances that have helped artists living with HIV continue to survive, it's the power of art that allows many to thrive. Our programs include grants to HIV+ artists, working with estates to preserve artistic legacies, and using the online Artist Registry to promote the work of our artist members. Visual AIDS strives to represent a diversity of voices along the HIV spectrum by presenting exhibitions, public events, publications, and artist projects to raise AIDS awareness and provoke dialogue.

# POSTCARDS FROM THE EDGE

---

A BENEFIT FOR VISUAL AIDS  
January 13-15, 2017  
*hosted by* METRO PICTURES

---

**POSTCARDS FROM THE EDGE** is the beloved community benefit for VISUAL AIDS, featuring the sale of original, postcard-sized works donated by established and emerging artists. All works are sold for \$85 each – the creative twist is all works are displayed anonymously, and the artist's name is only revealed after purchase. Whether you walk away with a piece created by a famous artist or discover someone new, everyone finds something they love at Postcards from the Edge.

**VISUAL AIDS** utilizes art to fight AIDS by provoking dialogue, supporting HIV+ artists, and preserving a legacy, because AIDS is not over.
